## CARELIA® LAPPI

CARELIA GRILL® LAPPI

**Carelia® LAPPI** is a compact outdoor fireplace that makes an awesome companion for a camping trip or a picnic. Perfect for creating warm ambience even in your very own garden. Lappi stands for the Finnish name of Lapland. Includes one adjustable grilling level, which can be removed if necessary.

**Carelia® LAPPI COR-TEN** represents the so-called Heavy Duty section of our open fire grills for public use. The grills are made of COR-TEN steel, which is completely maintenance-free and can withstand varying weather conditions and time. All you need to do is just clean the fire pit of fire debris with the handy help of a removable grate and a slide-out ash drawer.

CARELIA GRILL® LAPPI COR-TEN

An aerial photograph of a vast, blue lake in Finland, surrounded by dense green coniferous forests and rugged terrain. The sky is clear and blue. The text 'PRODUCTS FROM FINLAND' is overlaid in large, white, bold letters with a slight shadow effect.

# PRODUCTS FROM FINLAND

**Our Carelia® products are manufactured in the easternmost part of Finland, North Karelia, in the midst of coniferous forests and rugged cliffs. Our passion wells from the Karelian nature and culture. We manufacture our products with Karelian spirit and pride, preserving traditions and values. The cheerful and spirited Karelians have always gathered to celebrate together with songs and food. We believe that the best memories are made when we eat and spend time together.**

**CARELIA®**

## **CARELIA® TOGETHER FOR MORE SUSTAINABLE DEVELOPMENT**

**Our values are strongly guided by responsible and sustainable development. Since most Carelia Grill® products are open fire grills, they are designed to use locally produced, clean wood. We therefore recommend using it as the primary fuel source instead of charcoal. While burning wood creates both warmth and ambience, wood is a great fuel choice for several reasons: It's affordable and easily available. It's a natural and renewable fuel source. Moreover, when a new seedling is planted for every tree that has burnt, the carbon footprint is practically neutral. Accordingly, we're planning the practical implementation of this to plant an equivalent number of trees for every grill sold.**

# ROUND

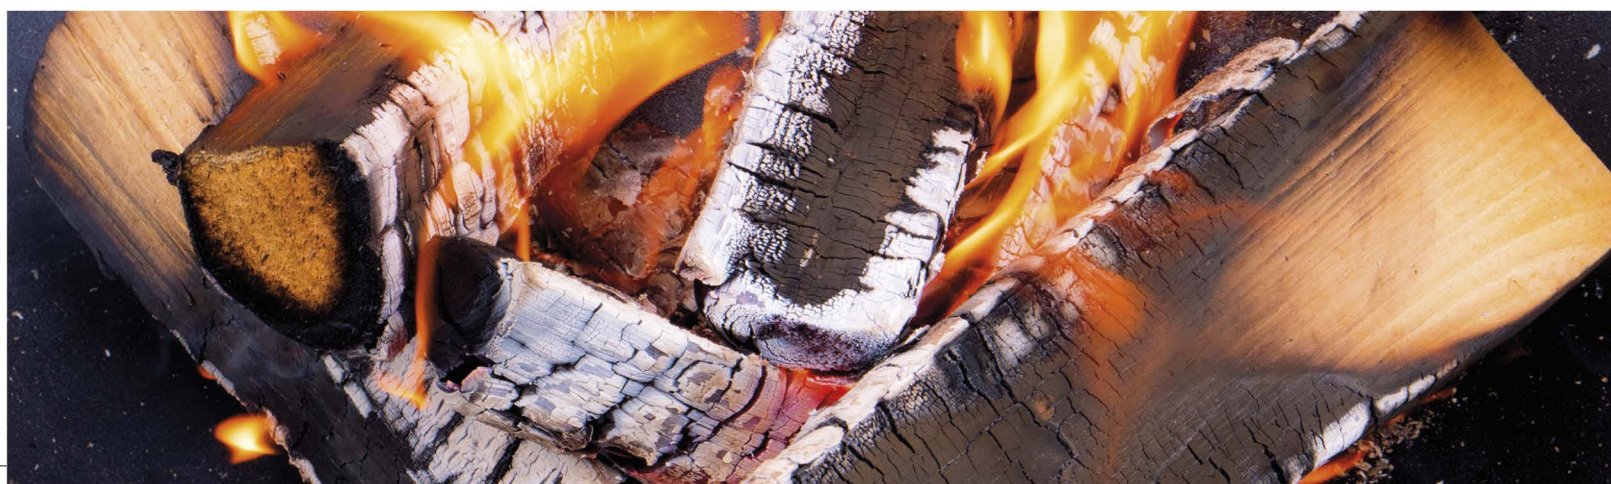

CARELIA GRILL® ROUND

CARELIA GRILL® ROUND PREMIUM

The soft'n round though sturdy style of **Carelia Grill® ROUND** looks great in any garden or backyard. Alternatively, it can be used indoors (e.g., in a BBQ hut, grill cabin, or gazebo) after installing a chimney kit and a floor protection plate. ROUND is also available with the Premium option, which includes lifting mechanisms with stepless adjustment, rotatable grilling levels, and vertical bars of stainless steel.

**CARELIA**<sup>®</sup>

**Carelia Grill® A-FIRE** is a stylish garden fireplace with an elegant Finnish design. Perfect for creating warm ambience in your garden, on your terrace or even by the lakeside of your holiday cottage. A-FIRE is durable, easy, and safe to use, plus it can also be used for open fire cooking.

CARELIA GRILL® A-FIRE

**Carelia Grill® A-FIRE** accessories: floor plates, wind & spark guard, grill grate, and chimney cap.

We offer a wide range of decorative and atmospheric fire pits suitable for various uses and occasions.

# Decorative and atmospheric fire pits

CARELIA GRILL® A-FIRE COR-TEN

CARELIA GRILL® DECORA

CARELIA GRILL® DECO

**Carelia Grill® RONDO** is a true dream for your garden. This impressive and durable, wood-fired plancha grill is a splendid thing - not only for open fire cooking but also for creating warm and cosy ambience around. RONDO combines the showiness of an atmospheric fire pit with the best features of a multi-purpose outdoor grill. A variety of delicacies can be cooked at once on its spacious plancha grill ring. The grill ring has dedicated places for holding two blazing boards, making it possible for you to use RONDO for grilling and preparing smoked fish at the same time. So, go ahead and invite a large group to enjoy all the treats!

RONDO comes standard with a removable fire grate and ash drawer. These make it simple to both adjust the airflow and - perhaps most importantly - to remove the ashes easily and cleanly. RONDO also has a centre grill grate with a removable stand, which can be used, for example, to hold a pan, a pot or even a steak over the fire.

**CARELIA® FIREHUT** looks great in the garden, on the patio, or on the deck. It is just the perfect size and versatile in use: use it for grilling, smoking, braising, or frying. Keep on cooking your favourite dishes outdoors until late autumn and enjoy the cosy ambience created by an open fire together with your family and friends.

Firehut's design combines unfinished, rough and rust-coloured COR-TEN® steel and semi-shiny, brushed stainless steel, creating intriguing contrast with the structure. Opposites complement each other!

CARELIA® FIREHUT Outdoor fireplace & grill

CARELIA® FIREHUT FLOOR PLATE

CARELIA® FIREHUT SMOKING SET

**Carelia Grill® CUBE** is a stylishly modern charcoal and wood-fired grill. You can place it in the garden, on the patio, or on the deck, where you can enjoy the warm ambience created by a glowing fire. CUBE is very durable, safe, and easy to use. The removable fire grate and ash drawer make it simple to clean the grill of ashes.

CARELIA GRILL® CUBE

**Carelia Grill® PIZZA** is every pizza chef's dream. It's a unique real fire pizza grill that can reach temperatures of up to 450°C (842°F) - perfect for Neapolitan pizzas, for example. The built-in pizza stone allows you to prepare a variety of crusty pizzas. Just add some firewood and admire the flames glowing through the clear glass viewing window of the door. The pizza oven with its flue pipe is delivered preassembled and is ready to use.

**Carelia Grill® BBQ SMOKER** proudly represents North Karelian metal craftsmanship in form of a sturdy and modern, wood-fired smoker grill. Intended for smoking and slow cooking, but can also be used for grilling, searing, and roasting when used with the compatible charcoal tray (separate accessory).

## Portable open fire grills

The portable fire pits and wood-fired camping grills of **Carelia Grill®** are compact yet extremely durable. They make a great companion for all those outdoor lovers who are into hiking, trekking, or just wandering in the nature.

The matching lid for **Carelia Grill® LOIMU 55** keeps the fire bowl clean when not in use. The lid is weather-resistant and protects your open fire grill from debris and rainwater. Thanks to it, you may feel free to leave **LOIMU 55** outdoors.

CARELIA GRILL® LOIMU-55

CARELIA GRILL® LIGHT

**Carelia Grill® LIGHT** is a lightweight yet durable wood-fired camping grill. Alternatively, you can also burn charcoal or briquettes. LIGHT consists of five separate pieces that are quick and easy to assemble and disassemble. Thanks to the included carrying bag, you can take LIGHT with you wherever you go: the compact size allows you to pack it in your backpack, rucksack, or even in a sledge in winter! Why not also take it on a boat or snowmobile trip?

**Carelia® WOODSPLITTER** is an excellent tool for splitting firewood manually. Forget about the axe because this double-sided removable blade makes quick work of splitting wood. SPLITTER can be conveniently attached on a wooden log of the desired height.

CARELIA® WOOD SPLITTER

**Carelia Grill® KARU** is a round, lightweight, and easily portable fire pit with the diameter of 55 cm. It comes standard with attachable legs, vertical bar with grilling level, stainless-steel grill grate, fire poker, and lid. The matching, useful lid makes it easy to both store and transport the removable parts inside the fire pit. You can also use the lid under the grill, where it functions as a protective plate and gives an even base for grilling on snow, for example. KARU is great for open fire cooking on the go, while creating warming ambience at the same time. Why not also try preparing some blazing salmon awesomeness with our compatible blazing boards?

CARELIA GRILL® KARU

## Accessories

Take full advantage of all the quality features of your **Carelia Grill®** with complementary accessories, including e.g. plancha griddle plates, pans, grill grates, blazing boards, wind & spark guards, and log carriers.

CARELIA GRILL® WIND AND SPARK SHIELD

CARELIA® WOOD CARRIER

CARELIA GRILL® PLANCHA

CARELIA GRILL® BURGER PRESS

Multi-purpose **Carelia Grill®** are perfect for versatile cooking. The round plate made of carbon steel is designed to fit directly on top of our adjustable grilling levels. Try it and love the new way of cooking!

Succulent smash burgers made easy with these sturdy Carelia Grill® Burger presses.

CARELIA® CAST IRON PAN & STAINLESS STEEL GRIDDLE

CARELIA® STAINLESS STEEL BLAZING BOARD

CARELIA GRILL® WEATHER PROOF COVER

**Carelia Grill®** fits all the large Carelia Grills and other similar models. This weatherproof cover keeps your grill clean and tidy when not in use. Fits the grills of 9K-80, 9K-100 and ROUND series.

Finnish top biathlete, Kaisa Mäkäräinen, decorated her garden with Carelia Grill® 9K-80 DECO.

## Side Tables

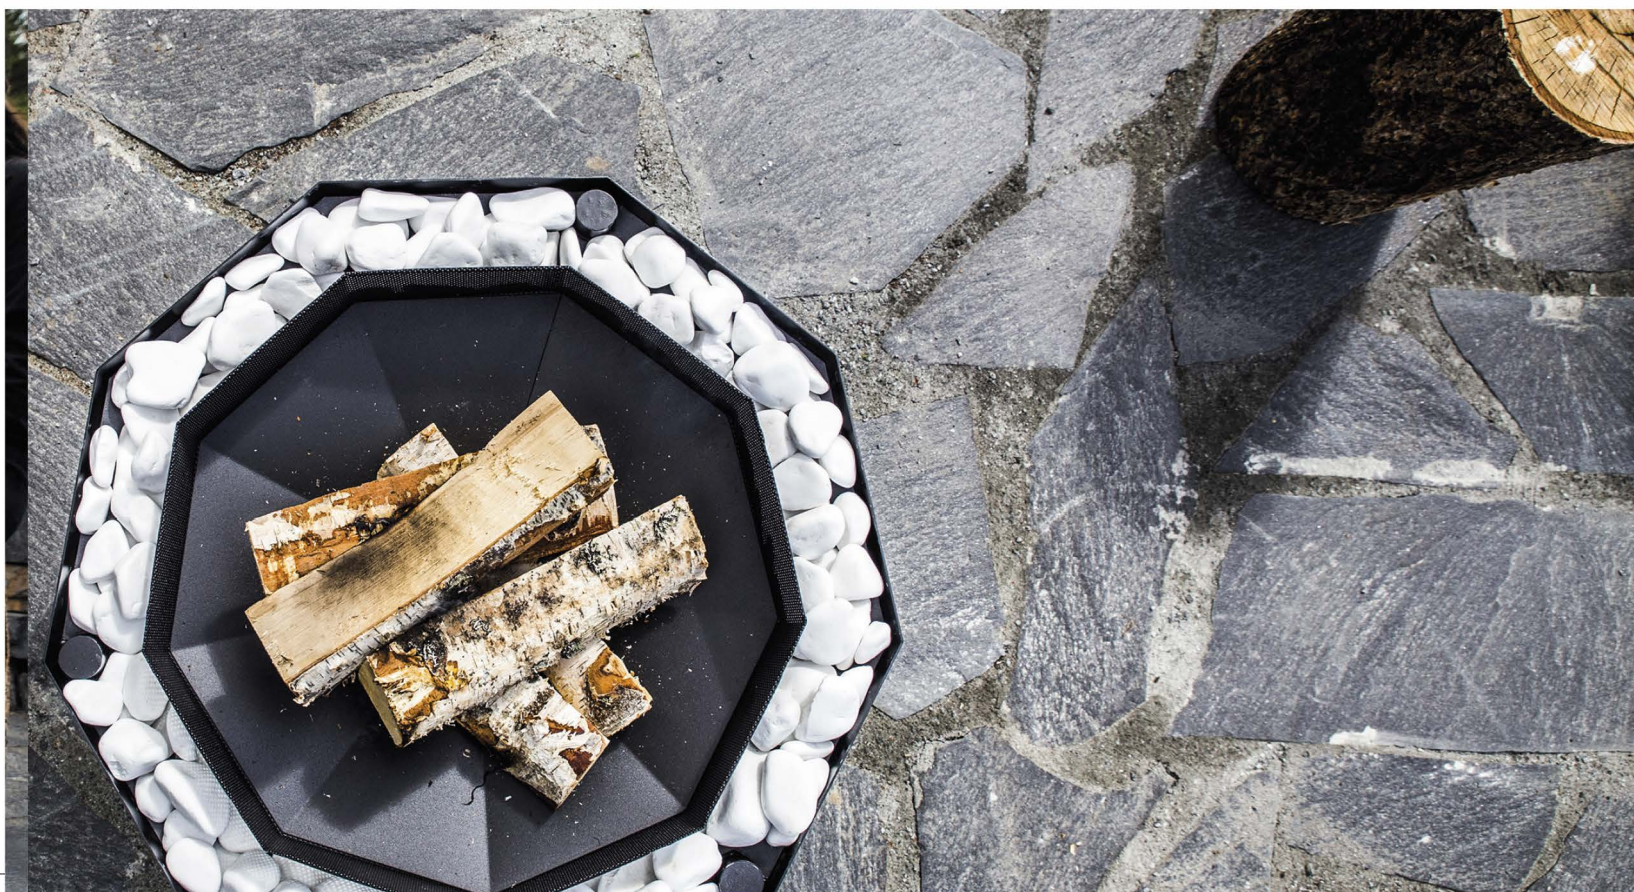

Practical side tables for **Carelia Grill®** open fire grills. These sturdy tables both offer extra space while you're grilling and serve as a compact dining area around the cosy fire.

**Carelia Grill® 9K** Fire pit insert with spark guard gives your open fire grill a sturdy and practical extra protection, effectively extending the life of the grill. This insert reduces the surface area of the fire pit and optimises heat output by minimising heat loss.

## Chimney Pipes

**Carelia Grill®** chimney pipes and chimney kits make the interior comfortable and practically smoke-free. These can be used with all Carelia Grill® open fire grills that are installed indoors. All the pipes can be connected together, according to the needs of the installation site.

# DELICIOUS BLAZING SALMON À LA CARELIA GRILL

**2 salmon fillets (approx. 700 grams per fillet)**  
**1 tsp. of fine salt per fillet**  
**seasoning to taste, e.g., black pepper, lemon juice, mixed herbs**  
**2 tbsp. of melted butter**

1. Season the fillets on the meat side only about 2 hours before cooking.
2. Remove the steel frames of the blazing boards and place the boards in water for about 30 minutes before you start cooking the salmon. This prevents both the fish skin from sticking to the surface of the board and the unnecessary darkening of the board.
3. Place the fillet on the blazing board, skin side

down to the board and the tail side up. Bend the blazing board's steel frame, insert it into the board and press tightly against the fish. Then, lift the board onto its rack at the edge of the fireplace/fire bowl.

4. Blazing time is 1-2 hours on a medium fire, depending on the size of the fish. The fire should not be too large as the fish may dry during cooking. The size of the fire is suitable when you can hold your hand between the fire and the blazing board for 10 seconds.

5. Towards the end of blazing, brush the fillets with melted butter to create a beautiful, crispy surface.

6. Serve the blazing salmon as is or with side dishes like potatoes and fresh salad. **Enjoy!**
